Introduction

The names, dates, and other information in this book were taken from cemetery tombstone inscriptions. Only in a very few cases were written cemetery records consulted, and it will be noted if the cemetery readings were cross referenced with any other written record.

All cemeteries were read beginning from the southeast corner and numbered south to north.

As in any project of this type, where many names and dates are copied, there is a chance of error. However all inscriptions were read and recorded with great care and to the very best ability of the recorder. They were typed with the same concern for accuracy.

The help of everyone who has been involved with this project has been greatly appreciated by the cemetery committee and the Henry County Genealogical Society. A lot of time and effort on the part of members, their friends, and spouses has made this book possible.

Courthouse records and various county history books were used as reference for information about townships and cemeteries.

The county and township maps were reproduced from maps obtained from the Henry County Board of Commissioners. The cemetery maps were copied for us by the employees in the Recorder's Office at the Henry County Courthouse.

These cemetery maps were done by The Works Project Administration (W.P.A.) and co-sponsored by the American Legion, Department of Ohio - State of Ohio in 1940.

According to the World Book Encyclopedia "The Works Progress Administration was founded in 1935 to provide work for needy persons on public-work projects."

Harrison Township

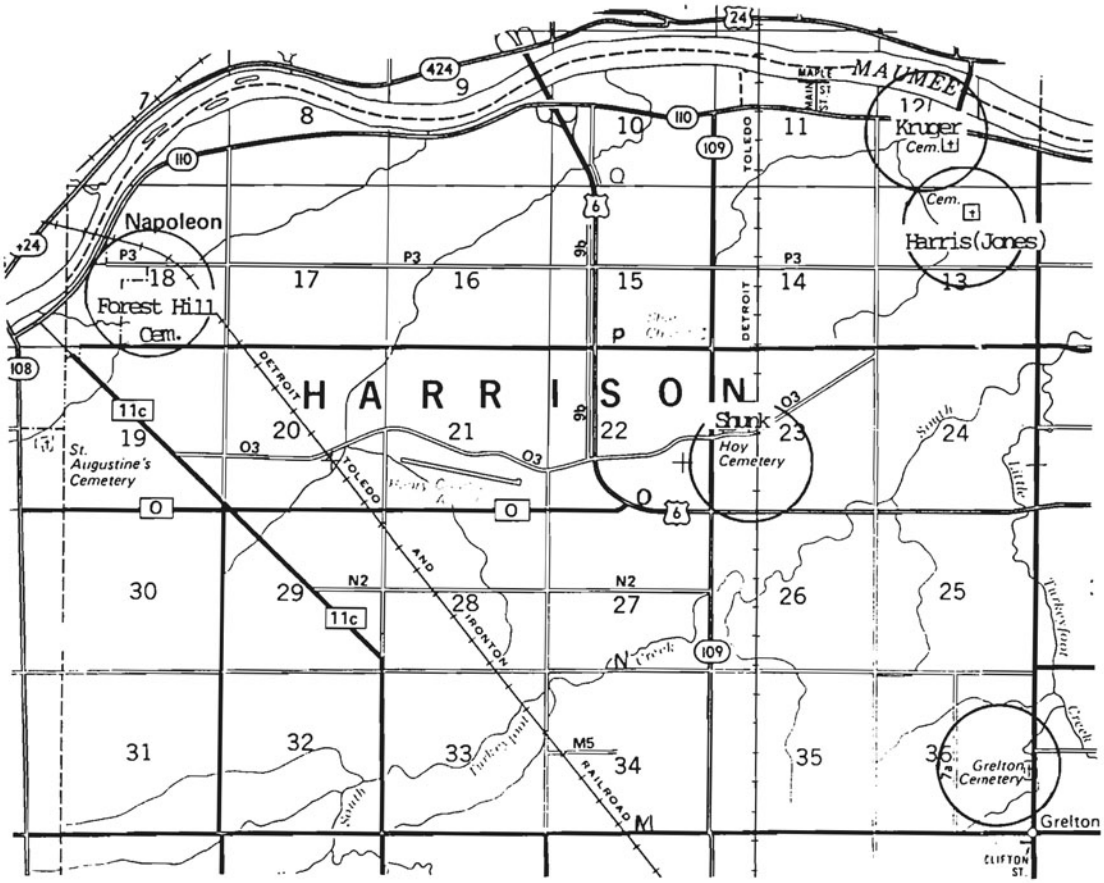
Harrison Township was named for the 9th president of the United States, William Henry Harrison.

Records of the township are scarce, but it seems that white people did not settle there until late in the 1830's or early 1940's.

Shunk is the only settlement in the township and probably had the first church in Harrison Township.

The township is bordered by Napoleon Township to the west, Monroe Township to the south, Damascus Township on the east, with the Maumee River as the northern boundary.

Cemeteries located in Harrison Township are Grelton, Hoy (Shunk), Kruger, Harris (Jones), and Forest Hill.



Grelton Cemetery

Township: Harrison

Location: County Road 7

Description: Edward Nichols was instrumental in making Grelton, Ohio, Cemetery one of the wealthiest cemeteries in the United States. He was a graduate of the old Grelton school. He was an oil well, wild cat driller who struck it rich in the Texas oilfields. Before his death, he lived with a relative in Napoleon. Among the assets he had accumulated in his lifetime were 12,000 shares of Gulf Oil Company. He directed that the income of those shares were to go to the relative for her lifetime. Upon her death the income was to go to the Grelton Cemetery Association. This yearly income is the sum of $30,000, thus making the Cemetery Association a wealthy association.

Recorded: Sep 1987

Final Reading: Aug 1991

Re-surveyed: Summer 2013

Harris (Jones) Cemetery

Township: Harrison

Location: Co. Rd. 7 between SR 110 and Co. Rd. P3

Description: The stones listed are the only ones that were standing in late August 1987. Several GAR markers are in the cemetery. It is mowed and is on a slight rise between fields. The lane back to it is about a half mile long, part stone, the rest sand. A lot of sand has been removed just beyond the cemetery. Perhaps some of the stones have been dug up.

Recorded: Jul 1987

Final Reading: Jul 1987
